You got a new car!

Pretty sweet brah

Yep.

It's like my old car but the classier
version that drug dealers drive!

How did you
afford this thing?

I sold my webcomic
to some company
in Korea

South
Korea?

Nah.

North Korea? Are you sure?

Pretty sure. The company's called Kim Jung Un Toon.

They wanted a few changes but I think people are gonna like it.

I love you,
